

Cat

Descriptions:

Concentrated product designated to remove the unpleasant cat urine odour from both hard and soft surfaces. Suitable for cats of all ages. The product helps to eliminate territorial marking (spraying). Thanks to the modern, bio-enzymatic technology, it eliminates the uric acid, being the main ingredient of the urine. Our product is entirely biodegradable and safe for animals and humans.

Recommendations:

Elimination of cats urine odor from any surface hard and soft. Help combat reflex importance of the site by cats

method of use:

Remove the visible impurities. Spray thoroughly the place which smells badly. Wait until it is dry. Repeat if needed.

Notes: Before the first application test the colour fastness on a surface located in an unexposed place.

Capacity:

500 ml

Composition:

Aqua, PEG/PPG-27/30, Copolymer, Enzymes, Nonoxynol-9, Parfum, Sodium Benzoate.
