

Repells Dogs, Cats And Moles

Descriptions:

Beautiful Garden is a granular preparation designed to protect gardens, lawns, or flower beds against being ruined by cats and dogs and their droppings. Its active ingredients are strong animal repellents.

Recommendations:

method of use:

Sprinkle the granules over the area to be protected (e.g. lawns, areas under trees or shrubs, flower beds or proximity of your fence) 50 ml (ca. 2 spoonfuls) of the preparation is sufficient to protect the area of 1 m² for about 2-4 weeks. Beautiful Garden is biodegradable, and the length of its activity depends on weather conditions – it may be shorter in case of prolonged periods of rain. Attention: Keep away from the reach of children. Avoid eye and skin contamination. In case of swallowing, consult a physician immediately. Store in room temperature.

Capacity:

700 ml

Composition:

fragrance
